YOUTH MAPPING UPDATE

An update of the Youth Mapping project was presented by Jill Mason, coordinator, and high school students Rob Lloyd and Danielle Stockton. Ms. Mason explained that the project involves a survey of resources for youth in the community to develop a database accessible by Ann Arbor residents. Mr. Lloyd and Ms. Stockton reported on the method for collecting the information and the preliminary findings of the survey. (Project information and preliminary survey findings on file in the City Clerk's Office).

PUBLIC COMMENTARY - RESERVED TIME**ELWOOD HOLMAN - PARKING**

Elwood Holman, President of the Ann Arbor Area Chamber of Commerce, read a statement, adopted by the Chamber board of directors, expressing the importance of parking structures to the economic vitality of the community. He also quoted from letters of central area business people expressing concern with the City's parking problems. Mr. Holman stated that the condition of the parking structures is of critical concern and that the City urgently needs to remedy the situation and commit the necessary financial resources. He urged Council's approval of the Downtown Development Authority's proposed parking structure repair plan.

PAUL LAMBERT - PARKING

Paul Lambert, 201 W. William St., stated that the current parking proposal is too costly and shortsighted, and will further the City's cycle of debts. He expressed concern that the proposal will only benefit a few people, especially the downtown landlords, and stated that Ann Arbor citizens need a city that is not just for the rich. Mr. Lambert urged Council to vigorously pursue alternative forms of transportation.

RICHARD BOLLINGER - NEW CONSTRUCTION ON TURNER PARK COURT

Richard Bollinger, 618 Fifth St., spoke in opposition to the large homes being built on the vacant land on Turner Park Court. He stated that the new construction, which is out of scale and character with the surrounding residences, violates Historic District guidelines for the size of the lots. He requested that the City enforce those guidelines.

VINCE CARUSO - ALLEN CREEK DRAIN

Vince Caruso, 556 Glendale Circle, spoke in opposition to the proposal to replace portions of the Allen Creek with a large partially-buried pipe to prevent further erosion. He stated that the project will drastically alter the look and function of this Westside park space, and does not comply with the recently adopted natural features ordinance. Mr. Caruso expressed concern that the two plans presented by the City Utilities Department are highly destructive to the natural features in the area, require excessive man-made structures, and may further aggravate conditions in the areas down stream. He requested postponement of the proposal for a public hearing.

MEL LARSON - FINANCING DOWNTOWN PARKING

Mel Larson, 3018 Bolgos Circle, spoke against parking revenues going into the general fund and stated that the parking structures should have been funded for maintenance over many years. Mr. Larson also spoke against using this occasion to make parking structures hostage to affordable housing. He urged Council's approval of the proposal to amend the agreement between the Downtown Development Authority and the City to allow the DDA to receive parking revenues for parking structure repairs.

RITA MITCHELL - NEW CONSTRUCTION ON TURNER PARK COURT

Rita Mitchell, 621 Fifth St., spoke in opposition to the large homes being built on the vacant land on Turner Park Court, and requested that the Historic District Commission maintain its standards in height, front and side setbacks, and scale in order to maintain harmony with the housing in the local neighborhoods. Ms. Mitchell reported that the Building Department granted a building permit before the proposal was reviewed by the Historic District Commission and that the Commission was given incomplete information. She expressed concern that the new construction is not receiving the same scrutiny as existing structures.

STEVEN RUSSMAN - NEW CONSTRUCTION ON TURNER PARK COURT

Steven Russman, 629 Fifth St., spoke in opposition to the new construction on Turner Park Court. He stated that an error was made by allowing construction of these large homes, and that the City is responsible for enforcing the Historic District regulations. Mr. Russman expressed concern that, as construction moves forward, the residents are not getting an appropriate response back from the City. He reported that over 100 neighborhood residents have signed a petition opposing the construction.

PUBLIC HEARINGS

ERIM REZONING (ORDINANCE NO.33-97)

A public hearing was conducted on the proposed amendment to Chapter 55, rezoning of 35.26 acres from ORL (Office/Research/Limited Industrial District) and O (Office District) to Preliminary Phase PUD (Planned Unit Development District), ERIM property, 1968 Green Road. Notice of public hearing was published July 20, 1997.

The following person appeared:

Robert Black, representing ERIM, thanked the City for its cooperation and urged approval of the proposed ordinance and the resolution to approve the site development agreement. Mr. Black stated that ERIM

worked with its neighbors to develop partnerships for environmental considerations as well as economic development. He reported that the design of the storm water retention/filtration system recognizes and celebrates Miller=s Creek which runs through the site, and that he had no objection to the addition of the word protect regarding Miller=s Creek in the development regulations.

There being no one else to speak, the Mayor declared the hearing closed.

BALLOT PROPOSALS

A public hearing was conducted on the following two proposed ballot issues for the November 1997 general election: 1) Park Maintenance and Repair Millage (.4725 Mill); and 2) Leslie Science Center Environmental Education Addition Bonding Proposition (\$1,700,000 Bond Package).

The following people appeared:

Paul McKelvey, 2956 Exmoor Rd., Chair of the Leslie Science Center Citizen Advisory Committee, spoke in support of the bonding proposition for the Leslie Science Center. Ms. McKelvey stated the current facility is grossly inadequate for the programs at the center, and that the proposal will provide the children of the community with an environmental educational center that would serve their needs well into the next century.

Nelson Meade, Park Advisory Commission Member, urged Council=s support of the two proposals to allow Ann Arbor citizens the opportunity to vote on the issues. He stated that the renewal of the millage is essential to continuing the quality operations of the Parks Department, and that the modest addition to the millage will enable the City to keep pace with the growth of its park system.

There being no one else to speak, the Mayor declared the hearing closed.

Councilmember Lumm moved that the resolution be amended after the fifth paragraph as follows:

WHEREAS, THE DDA RECENTLY COMPLETED ITS PARKING STRUCTURE STUDY AND PRESENTED ITS CONCLUSIONS AND RECOMMENDATIONS TO COUNCIL ON JULY 14, 1997;

WHEREAS, THE RECOMMENDATIONS WERE UNANIMOUSLY ENDORSED BY ALL DDA MEMBERS, INCLUDING THE RECOMMENDATION THAT THE DDA RETAIN ALL THE PARKING REVENUES TO ENSURE THAT THE STRUCTURES ARE REPAIRED AND THAT ADEQUATE RESERVES FOR FUTURE REPAIRS ARE ESTABLISHED; AND

WHEREAS, THE RECOMMENDATIONS REPRESENT A LONG-TERM (10-YEAR) PARKING STRUCTURE PLAN INCLUDING BOND FINANCING OF 15-20 YEARS, AND TO DEMONSTRATE ITS SUPPORT OF THAT PLAN, CITY COUNCIL ENDORSES THE RECOMMENDATION THAT THE PARKING SYSTEM BE ALLOWED TO RETAIN ALL THE PARKING REVENUES (IF DETERMINED NECESSARY BY THE DDA) FOR THE DURATION OF THE RELATED BOND FINANCING;

RESOLVED, That the Mayor and City Council authorize an amendment to the agreement between the City of Ann Arbor and the DDA, reserving all surplus parking revenues to an urgent repairs AND REPLACEMENT account ~~<for a period of three years commencing with fiscal year July 1, 1996/97 and ending with fiscal year July 1, 1998/99>~~ BEGINNING JULY 1, 1996 FOR AS LONG AS DEEMED NECESSARY BY THE DDA TO ONLY FUND PARKING REPAIRS, MAINTENANCE AND OPERATIONS OF THE CURRENT DDA PARKING SYSTEM;

On a voice vote the Mayor declared the motion carried.

The question being the resolution as amended, on a voice vote the Mayor declared the motion carried.

The resolution as adopted reads as follows:

R-343-8-97

**RESOLUTION AUTHORIZING AMENDMENT OF
PARKING AGREEMENT BETWEEN THE CITY OF ANN ARBOR
AND THE DOWNTOWN DEVELOPMENT AUTHORITY**

Whereas, Several recent engineering studies indicate that many parking structures currently under Downtown Development Authority (DDA) management will need significant repairs over the next several years to remain operational;

Whereas, The DDA is required by Article 7 of its lease agreement with the City to undertake A further repairs, alterations, additions, and enhancements of the Facilities as deemed reasonable and necessary by the DDA to operate the Facilities for the purposes set forth in this agreement;

Whereas, The passage of Proposition A limited the ability of the DDA to issue bonds for construction or repair projects, and capital reserve funds are not anticipated to be sufficient to cover the cost of these repairs and the only remaining source of funds for needed repairs are parking revenues not expended from DDA annual parking operations and maintenance accounts;

Whereas, The DDA resolved at its November 14, 1996 meeting to authorize the submission to City Council of an amendment to the agreement between the City of Ann Arbor and the DDA reserving all surplus parking revenues to an Urgent Repairs account for a period of three years commencing with fiscal year July 1, 1996/97 and ending with fiscal year July 1, 1998/99;

Whereas, The DDA also resolved at its January 9, 1997 meeting to authorize the submission to City Council of an amendment reflecting that an annual reserve in the amount of 25% of gross parking revenues shall be set aside by the DDA for

major capital repairs;

Whereas, The DDA recently completed its parking structure study and presented its conclusions and recommendations to Council on July 14, 1997;

Whereas, The recommendations were unanimously endorsed by all DDA members, including the recommendation that the DDA retain all the parking revenues to ensure that the structures are repaired and that adequate reserves for future repairs are established; and

Whereas, the recommendations represent a long-term (10-year) parking structure plan, including bond financing of 15-20 years, and to demonstrate its support of that plan, City Council endorses the recommendation that the parking system be allowed to retain all the parking revenues (if determined necessary by the DDA) for the duration of the related bond financing;

RESOLVED, That the Mayor and City Council authorize an amendment to the agreement between the City of Ann Arbor and the DDA, reserving all surplus parking revenues to an urgent repairs and replacement account beginning July 1, 1996 for as long as deemed necessary by the DDA to only fund parking repairs, maintenance and operations of the current DDA Parking System;

RESOLVED, That at the time the lease agreement between the City and DDA is renewed, the status of the parking structure repair program shall be reviewed, including an examination of the DDA debt service obligation, the funding of the Urgent Repair account, anticipated structure repairs and other anticipated expenses; and

RESOLVED, That the Mayor and City Council authorize an amendment to the lease agreement between the City of Ann Arbor and the DDA reflecting that an increased annual reserve in the amount of 25% of gross parking revenues shall be set aside by the DDA for major capital repairs.

R-344-8-97 APPROVED

**RESOLUTION AUTHORIZING APPROPRIATION
OF FUNDS TO DOWNTOWN DEVELOPMENT
AUTHORITY FOR CAPITAL REPAIRS**

Whereas, The Downtown Development Authority (DDA) commissioned conditional assessments which indicate that many parking structures currently under DDA management will need significant repairs over the next several years to remain operational;

Whereas, The DDA is required through its lease agreement with the City to keep parking facilities in good repair and to undertake further repairs, alterations, additions, and enhancements of the Facilities as deemed reasonable and necessary by the DDA to operate the Facilities for the purposes set forth in this agreement;

Whereas, The DDA anticipated revenues from the parking structures above those budgeted in fiscal year 1995/96 and voted to amend its 1995/96 budget at a special Board Meeting March 26, 1996 to create an Urgent Repairs fund;

Whereas, Upon advice of City staff the DDA resolved on June 13, 1996 to recognize all revenues in the 1995/96 DDA Parking System budget not obligated to parking operations and debt repayment and appropriate them to this Urgent Repairs fund to maintain existing parking structures;

Whereas, This information was communicated to City Council, and adjustments were made in the 1996/97 DDA budget to allow retention of excess revenues by the DDA in this Urgent Repairs fund;

Whereas, No action was taken to amend the lease agreement between the DDA and the City prior to the 1995/96 fiscal year end and \$373,798.00 was transferred out of the DDA Parking Fund (063) to the City General Fund; and

Whereas, the DDA resolved at its November 14, 1996 Board to authorize the DDA Executive Director to take the necessary administrative actions to implement the DDA Board=s directive;

RESOLVED, That the Mayor and City Council authorize that \$373,798.00 be appropriated from the General Fund balance and transferred back to the DDA for urgent capital repairs.

Councilmember Kwan moved that the resolution be adopted.

On a voice vote the Mayor declared the motion carried.
