If you are appointed as an election official [election inspector, election worker, poll worker are all the same] for an election and you accept the appointment – whether in writing or orally – you are required by Michigan state law to fulfill your work commitment for that election except in the event of an emergency. You will be required to provide written documentation verifying this emergency.

An individual who accepts an appointment as an inspector of election shall not fail to report at the polling place designated on election morning at the time specified by the board of election commissioners. A person who violates this subdivision is guilty of a misdemeanor. MCL 168.931 (1)(g)

I understand that Michigan state law provides for a fine and/or imprisonment which may be imposed against me if I fail to fulfill my commitment to work at an election.
