ANN ARBOR ENERGY COMMISSION – MEETING MINUTES August 14, 2007

4th Floor Small Meeting Room
City Hall 5:30-7:30 PM

Attendees: Robert Black – Chair, Wayne Appleyard, Stephen Miller, David Wright, Paul Ganz, Chuck Hookham, Jason Bing Guest Stephen Price Staff Support David Konkle

Approval of Minutes

There were no minutes from the July meeting

Public Input

There was no public input.

Energy News

U of M will have an Energy Fest on September 11th. Jason will be there with EnHouse exhibit and agreed to display Energy Commission materials.

Chuck Hookham said his company, Cummins and Barnard, are involved in some very large energy projects. Robert invited him to make a presentation about this at a future Energy Commission meeting.

Update on Ann Arbor Energy Award Program

Jason reported that he and Andrew Brix had been working with City of Ann Arbor public relations staff and picked October 6th as the “kick-off” date for the program.

5000 Solar Roofs Update

Jason reported that his student interns had made great progress and would be giving a report at the next Energy Commission meeting.

Future Meeting Planning

Robert talked about planning for a transportation theme meeting sometime in the fall.

Banning Incandescent Lighting

Members discussed a proposal to ban incandescent lighting in Ann Arbor. Most, but not all, understood the desirability of this but all felt that it would take a significant portion of commission and staff time to explore implementation of a ban. It was felt that this time and effort could be better spent pursuing the many other projects, programs and goals already in place.

Adjourn Meeting was adjourned at 7:30 pm
