Your input is requested regarding ...

Consideration of a Liquor License Policy for Downtown Development Area

Public Meeting
Wednesday, May 21, 2008
7 p.m.
2nd Floor Council Chambers
City Hall, 100 N. Fifth Ave.

Businesses engaged in dining, entertainment or recreation activities and located within the boundaries of the Ann Arbor Downtown Development District may now be eligible for a Development Authority District Liquor License. Recently, the City of Ann Arbor received 807 development authority district liquor licenses from the State of Michigan for issuance in the downtown development area based on the public and private investment within the DDA in the preceding five years.

Before recommending any downtown business for license approval to the Michigan Liquor Control Commission, the City Council Liquor Committee wants to gather public feedback to assist City Council in establishing a Liquor License Policy for the downtown development area.

Attendees will learn about the liquor license process and will have the opportunity to provide feedback to the Council Liquor Committee members.

For more information, contact the City Clerk's Office at 734.994.2725.
