RE: Scio Church Dr. between S. Seventh St and Chaucer Dr: Results of Final Polling

Dear Owner/Resident,

Thank you for your interest in Traffic Calming on Scio Church Rd between S. Seventh St and Chaucer Dr. Following an initial questionnaire, Orientation meeting and On-site meeting, a final poll was mailed to determine support for Traffic Calming within the project area.

The program guidelines specify, "greater than 50% of returned final polls must indicate support ('yes') for the final plan". This letter is to inform you that the results have been officially tallied and **the project has received sufficient support to move forward**. The breakdown of the final poll results are as follows:

- 11 addresses in project area
- 3 final poll responses received
- 3 final polls supporting the final plan
- 100% Percent of final polls received support the final plan as shown.

This project has met the required criteria to be considered for construction. The Transportation Commission will be asked to support the traffic calming installation on **Wednesday, May 15**; meeting begins at 7:00 p.m. in Council Chambers on the second floor of Larcom City Hall (301 E. Huron Street). City Council will be presented a resolution for action on **Monday, June 3**; meeting begins at 7:00 p.m. in Council Chambers on the second floor of Larcom City Hall (301 E. Huron Street). If approved by City Council, construction is planned to be completed during the 2019 construction season. The outcome of the two referenced meetings will be posted on the project website, [a2gov.org/TrafficCalming](http://a2gov.org/TrafficCalming).

We have enjoyed working with the Scio Church Service Drive neighborhood and appreciate your involvement in the Traffic Calming Program. If you have any questions please contact a team member at 734-794-6410 or by email at [TrafficCalming@a2gov.org](mailto:TrafficCalming@a2gov.org).

Respectfully,

Your Traffic Calming Team
