## Meeting Notes

Questions or comments from attendees were submitted both by computer and phone audio (live) which were paraphrased or through the Zoom Q&A feature. Answers and responses from staff during the meeting are marked with an ‘a’. Clarifications or responses provided after the meeting are denoted as “*Post-Meeting Notes.*”

## Overview

An electronic meeting through Zoom was held to provide a brief overview of the Traffic Calming process, to discuss the Preliminary Plan specific to Granger Avenue (Forest-Olivia) as well as modifications to the Preliminary Plan. Refer to the Traffic Calming Guidebook available at [a2gov.org/TrafficCalming](https://a2gov.org/TrafficCalming) for additional information on the Traffic Calming process. Considering the Starter Idea shared at Meeting #1, the Preliminary Plan shared at Meeting #2, community feedback, street conditions, utility locations, and engineering practices, staff will develop a Final Plan for Step 5: Final Polling.

## Discussion

1. Preliminary Plan: What trees would be affected/would they be replaced?
  - a. (*Post-Meeting Notes*) Based on previous field reviews, we believe one or more trees would be impacted by the proposed crosswalk at the S. Forest intersection. We have reached out to the Ann Arbor Forestry Public Works Department to confirm this (as well as the proposed crosswalk at the Olivia intersection) and determine a response is that aligns with the city’s forestry guidelines and resident expectations. Additional information will be shared with the release of the Final Plan.
