

City Administrator's Report February 20, 2024 prepared for City Council. Kindly forward questions, comments, or suggestions for input to mdohoney@a2gov.org, jfournier@a2gov.org, or shiqqins@a2gov.org.

SAFETY NOTES

Safety Update February is American Heart Month and as designated by Lyndon B. Johnson in 1964 to raise awareness of heart disease and the associated risk factors. Heart disease is a leading cause of death in the United States, but can be prevented by adopting a heart-healthy lifestyle to lower risk factors that can result in heart disease. Help raise awareness and encourage your loved ones to participate in behaviors as recommended by the American Heart Association that make us heart healthy, such as:

- Eat a healthy diet
- Be physically active
- Track your heart health stats like blood pressure and cholesterol
- Manage stress
- Sleep better
- Quit smoking

For more information, please visit the American Heart Association at [Heart.org](https://www.heart.org). **A2 Be Safe!**

BICENTENNIAL NEWS

Happy Birthday Ann Arbor! Bicentennial (1824-2024). A bicentennial events calendar is available via <https://a2bicentennial.org/events>. Join our year-long celebration to honor Ann Arbor's bicentennial. There are many planned events scheduled to celebrate this historical (2024) milestone, many of which will be fun, educational, unifying and inclusive.

Current Bicentennial Celebration planning progress and opportunities for community involvement are available via www.a2gov.org/a200.

Learn more about more [projects underway and in need of community support](#) — new features to Bicentennial Park (formerly Southeast Area Park); a statue honoring Kathy Kozachenko, the first openly gay person elected to political office (Ann Arbor City Council) in the United States; and restoration of the James L. Crawford Elks Lodge, the fraternal organization founded in 1899 by Black men denied entry into existing fraternal groups.

Sustainability & Innovations Corner. Catch up on the latest from the Ann Arbor Office of Sustainability and Innovations (OSI). For more information, including registration links, visit [OSI online](#).

- In 2023, Ann Arbor [set a record for the most number of solar installations in one year with 232 installations!](#) As we continue to move forward in 2024, OSI is looking to build on the momentum to set yet another record this year through the [Solarize group-buy program](#) that brings together residents and participating solar installers to bulk-purchase solar, allowing for significant savings for residents. New Solarize groups are already forming, so if you or anyone you know is considering solar, reach out to **Joe Lange** at jlange@a2gov.org to join.
- Join OSI, Michigan Energy Innovation Business Council, and the State of Michigan for lunch, networking, and a public convening discussing state implementation of the Home Energy Rebate Program on February 21st from 12pm-2pm. Registration is required: <https://www.eventbrite.com/e/eibc-public-convening-state-implementation-home-energy-rebate-program-tickets-800227541117?aff=oddtcreator>
- **Sustainability Series** —The Ann Arbor Office of Sustainability and Innovations [A2ZERO Sustainability Series](#) is underway! Once-monthly forums take place on Wednesdays, 6–7:30 p.m., at the Ann Arbor District Library Downtown Branch. Each forum focuses on a specific topic and practical ways you can get involved in the carbon neutrality goal. While attending in person is encouraged, forums are also available to attend via Zoom. Save the dates, and join OSI and special guests by [registering for any or all forums!](#)
Upcoming forums:
 - February 28 – Home Energy Rating Disclosure.
 - March 27 – Circular Economy and e-Waste.
 - April 24 – Equity in Action through A2ZERO.
 - May 29 – Rebates and Home Energy Advisor Services.
- **Subscribe to the OSI Newsletter.** If you haven't already, please subscribe to monthly, detailed newsletter highlighting some of the sustainability-related activities unfolding in the community. If you aren't already, [please subscribe](#).

Police Monthly Report. January 2024 AAPD Monthly Comparison Report – Monthly Pedestrian Crash Report (PDF) is attached.

Transportation Commission Monthly Report. The February 2024 Transportation Commission Project Report is available via <https://a2gov.legistar.com/LegislationDetail.aspx?ID=6518455&GUID=E0000354-B8B0-4850-9395-FE23714F9257>.

February 20 Council Meeting will feature the following items of interest:

Consent Agenda (10). There are ten items on the consent agenda.

Public Hearings (1). Public hearing is listed under Second Reading.

Ordinances – First Reading (1).

- An Ordinance to Amend Sections 8.530 and 8.531 of Chapter 105 (Housing Code) of Title VII (Building Regulations) of the Code of the City of Ann Arbor

Ordinances – Second Reading (1).

- A Public Hearing and an Ordinance to Amend Sections 5.20.3, 5.20.4 and 5.20.6 of Chapter 55 (Unified Development Code) of Title V of the Code of the City of Ann Arbor (Conflicting Land Use Buffer) - CPC Recommendation: Approval (6 yes, 0 no) (ORD-24-02)

OTHER

Early Voting Locations in Ann Arbor Opened February 17. The option to vote early is new this year for Michigan voters. Ahead of the February 27 Presidential Primary Election, City of Ann Arbor opened [six early voting centers](#) on Saturday, Feb. 17, allowing voters to tabulate their ballots on site at designated early-voting locations. Early voting centers will be open through Sunday, Feb. 25, following Michigan's constitution requiring cities and townships to offer early voting in each statewide and federal election for at least nine consecutive days, beginning on the second Saturday before the election and ending on the Sunday before the election. Learn more and stay update to date via <https://www.a2gov.org/news/pages/article.aspx?i=1035>.

City of Ann Arbor Electrifies 25% of its Light Fleet. The City of Ann Arbor has just reached a notable milestone as 25% of its light duty fleet is now electric. In total, the city has 53 active electric vehicles serving in its municipal light fleet as of the end of 2023 — and more are already on order. This achievement contributes to Ann Arbor's goal of transitioning the city's vehicles and appliances to electric and helps advance the city's Green Fleets Policy.

Light-duty electric vehicles in the fleet include hatchbacks, pickup trucks, minivans, vans and SUVs. With light-duty vehicle deliveries starting to normalize, the city expects nearly 35% of the light fleet to be electrified by the end of fiscal year 2024. Ann Arbor continues to be a leader in municipal fleet electrification striving toward achieving the [A2ZERO goals](#).

The City of Ann Arbor and its collaborators have worked extensively to reduce greenhouse gas (GHG) emissions from transportation in the community. Transportation -related emissions account for approximately 30% of GHG emissions in the US, and around 26% of emissions here in Ann Arbor. The A2ZERO Plan has multiples strategies and actions which work to reduce transportation-related emissions: Strategies 2 and 4 focus on the electrification of appliances and vehicles, and reduction in vehicle miles traveled (VMT) by at least 50%, respectively. These actions have the potential to significantly reduce a notable source of local greenhouse gas emissions.

In addition to the city's light fleet, the heavy fleet is also moving toward electrification. The city currently has electric utility vehicles, forklifts and one fully electric bucket truck in service, and is waiting on multiple electric refuse trucks to be delivered, hopefully this spring. The city is also electrifying its outdoor equipment, including leaf blowers, lawn mowers and more.

Electrification of the city's light fleet is one of the many steps the office of sustainability and innovations and fleet and facilities department are taking to electrify vehicles in Ann Arbor. To learn more about electric vehicles in Ann Arbor, and other updates to infrastructure such as public charging, please visit a2gov.org/EVs.

The City of Ann Arbor Office of Sustainability and Innovations was founded in 2018 and is guided by the Ann Arbor Carbon Neutrality Plan: A2ZERO. A2ZERO strives toward one unifying vision: Together, creating and implementing a just transition to carbon neutrality, community-wide, by the year 2030. Learn more at www.a2gov.org/sustainability.
