Sept 2019 in Review | Ann Arbor Parks and Recreation

Coworkers from Thomson Reuters resurfaced Mushroom Park playground

September Impact Report

As always, we work with some pretty fantastic groups that are composed of individuals that come from all over, with a variety of backgrounds and skills. This Give Gazette is dedicated to those groups that take time out of their busy schedules to volunteer with us and make an impact on Ann Arbor's community. Pictures say one thousand words and here you will find this issue packed with "before and after" photos of spaces that really received new life! We couldn't thank these groups (and individuals) enough!

Adopt-A-Park is a collaborative effort between Ann Arbor residents and city government to improve and maintain our parks. Neighbors and community groups volunteer their time to improve their chosen park. Adopters can work on a variety of projects including planting and maintaining flower beds; cleaning up litter; painting and caring for park structures; planting, mulching, and watering trees; overall generally making sure the park is in order. You will work with the Adopt-A-Park Coordinator to create a plan customized for you and your park. We provide moral support, technical expertise, and coordination with City of Ann Arbor services; we can also provide publicity, planting materials, and tools. This is a perfect opportunity if you have an idea and looking to make it happen! Contact Melissa at adopt-a-park@a2gov.org for more information.
