

## Window Resource List

The following individuals and companies may be able to provide you with repair/restoration services for historic wood windows, and/or acceptable replacement windows where necessary. They are not recommendations by the City of Ann Arbor; they are simply contacts for your information. See accompanying guidelines for appropriate window criteria. You are responsible for obtaining references and cost estimates. When appearing before the Historic District Commission to apply for replacement windows, it is suggested you obtain cost estimates for both repair and replacement. Using contacts from this list does not guarantee that your proposal or project will be approved by the Historic District Commission. The City of Ann Arbor is not responsible for errors or omissions from this list.
